PROFILE

Data Analytics student graduating May 2027 with 4 internships and research roles building automated data pipelines, predictive models, and BI dashboards. Skilled at turning data into practical insights and communicative visualizations using Python, SQL, D3.js, and Power BI/Tableau.

EDUCATION

- Texas Christian University** *Fort Worth, TX* Expected May 2027
B.S. Digital Culture & Data Analytics; B.S. Fashion Merchandising; Minor in Writing
 - GPA: 3.93 | Founders Scholarship | Dean's Honor List (2023–2026)
- University of Sydney — Study Abroad** *Sydney, NSW, Australia* Jan 2025 – Jul 2025
 - Coursework: Design Computing, Information Visualization Senior Studio, Sustainable Community Strategic Project
- Guilin University of Electronic Technology** *Guangxi, China* Jul 2026
 - Intellectual Property & Digital Governance Certification

TECHNICAL SKILLS

- Programming & Data:** Python (Pandas, scikit-learn), SQL, Stata, VBA, Excel (Advanced)
- Visualization & BI:** Power BI, Tableau, ArcGIS, D3.js, Data Storytelling, Dashboarding
- Analytics Methods:** Machine Learning, NLP & Text Mining, Econometrics, Statistical Regression

PROFESSIONAL EXPERIENCE

- TCU Institute of Behavioral Research | Data Management Assistant** Aug 2025 – Present
 - Structured the survey data lifecycle for psychographic research using Snap, Excel, Python, and Power BI
 - Automated data pipeline workflows with Python and VBA, cutting manual processing time by 90%
 - Delivered interactive Power BI/Tableau dashboards, data reports, and technical documentation to research teams
- Vogue Australia | Digital Editorial Intern** May 2025 – Jul 2025
 - Authored and edited published fashion digital content, spanning evergreens, news and commercial listicles
 - Analyzed Google Trends, CMS metrics, and social media to inform daily trend briefs reaching Asia-Pacific segments
 - Maintained structured editorial metadata in high-volume media production environment
- Patagonia | Data Visualization Specialist** Oct 2024 – Apr 2025
 - Built interactive ArcGIS dashboards combining environmental and consumer data to support sustainability reporting
 - Translated multivariate datasets into visual narratives using Python and HTML to drive stakeholder decisions
 - Developed web-based data products balancing data integrity, accessibility, and brand standards
- Vietnam National University Hanoi | Research Assistant (Remote)** Aug 2024 – Jul 2025
 - Conducted 50+ field interviews and standardized data-collection procedures, cutting entry time by 40%
 - Built custom machine learning models to meet project-specific analytical requirements
 - Edited manuscripts on student loan prediction, cultural asset valuation, and agricultural value chains
- Tinhvan Software JSC. | Data Analyst Intern** May 2024 – Aug 2024
 - Reached 95% predictive accuracy on 300K+ multivariate oil reservoir records for a government application
 - Engineered a weighted ensemble model (Decision Tree/GBM) from EDA, feature engineering, and domain context
 - Presented modeling methodology to cross-functional stakeholders to enable output replication

PROJECTS

- Contingent Valuation of Chèo Performance Art — Undergraduate Thesis** Aug 2026 – Present
 - Leading a 458-respondent empirical valuation study on intangible cultural heritage using the Contingent Valuation Method
 - Built statistical regression models to quantify valuation behavior, controlling for income, origin, and experiential covariates
- Building Energy Analytics Dashboard — USyd Design Computing Studio** Jan 2025 – Jun 2025
 - Built an interactive dashboard from high-frequency sensor data across 30+ buildings for expert users
 - Implemented dynamic filters, temporal sliders, and multi-axis comparisons to surface variable relationships
- EY Consulting x USyd — Interdisciplinary Community Project** Jan 2025 – Jun 2025
 - Analyzed behavioral and facility data to identify drivers of low student engagement
 - Synthesized findings, solution frameworks and financial modeling into a 40-page strategic report

LEADERSHIP & COMMUNITY ENGAGEMENT

- TCU Fine Arts Committee for Connection Culture, **Student Representative** (Aug 2025–May 2026): Evaluated event and program proposals for operational feasibility and budget allocation; mentored student teams and supported execution.
