EDUCATION

Texas Christian University <i>Fort Worth, TX, United States</i>	<i>Expected May 2027</i>
B.S. Digital Culture & Data Analytics; B.S. Fashion Merchandising; Minor in Writing (4 years)	
• GPA: 3.93/4.0 Founders Scholarship Dean's Honor List (2023–2026)	
University of Sydney — Study Abroad <i>Sydney, NSW, Australia</i>	<i>Jan 2025 – Jul 2025</i>
• All Distinction Coursework: Design Computing, Information Visualization Senior Studio, Sustainable Community Strategic Project	
Guilin University of Electronic Technology <i>Guangxi, China</i>	<i>Jul 2026</i>
• Intellectual Property & Digital Governance Certification (presentation and debate)	

PROFESSIONAL EXPERIENCE

TCU Institute of Behavioral Research Data Management Assistant	<i>Aug 2025 – Present</i>
<i>Research Institute on addiction, health services, and social interventions, shaping policy and practice on a national and global scale</i>	
• Structured and surveyed data lifecycle for REDCap psychographic research using Snap, Excel, Python, and Power BI	
• Automated customized data pipeline for each project with Python and VBA, cutting manual processing time by 90%	
• Delivered interactive Power BI/Tableau dashboards, data reports, and technical documentation to research teams	
Vogue Australia Digital Editorial Intern	<i>May 2025 – Jul 2025</i>
<i>Vogue Australia is the Australian edition of the American fashion magazine Vogue, published under license by News Corp Australia</i>	
• Authored and edited published fashion digital content, spanning evergreens, news and commercial listicles	
• Analyzed Google Trends, CMS metrics, and social media to identify emerging fashion and cultural patterns across Asia-Pacific audience	
• Maintained structured editorial metadata with over 900 tags, supporting content discoverability and editorial workflows	
Patagonia Data Visualization Specialist	<i>Oct 2024 – Apr 2025</i>
<i>American retailer of outdoor recreation clothing, equipment, & food - a B-corp certified firm leading in sustainability, conservation and activism</i>	
• Built interactive ArcGIS sustainability dashboards combining environmental and consumer datasets for non-technical audiences	
• Translated multivariate datasets into human-centered visual narratives using Python and HTML to drive stakeholder decisions	
• Developed web-based data products balancing data integrity, accessibility, and brand standards	
Vietnam National University Hanoi Research Assistant	<i>Aug 2024 – Jul 2025</i>
<i>Working under the hybrid supervision of Dr. Nguyen Thi Vinh Ha, relevant work published on MDPI, Science Direct, Elsevier, Springer</i>	
• Conducted 50+ field interviews and standardized data-collection procedures, cutting entry time by 40%	
• Built custom machine learning models to meet project-specific analytical requirements	
• Edited manuscripts on student loan prediction, cultural asset valuation, and agricultural value chains	
Tinhvan Software JSC. Data Analyst Intern	<i>May 2024 – Aug 2024</i>
<i>Leading Vietnamese tech firm specializing in AI, software development, and IT solutions for the public, financial, and education sectors</i>	
• Reached 95% predictive accuracy on 300K+ multivariate oil reservoir records for a government application	
• Engineered a weighted ensemble model (Decision Tree/GBM) from EDA, feature engineering, and domain context	
• Presented modeling methodology to cross-functional stakeholders to enable output replication	

PROJECTS

Contingent Valuation of Chèo Performance Art — Undergraduate Thesis	<i>Aug 2026 – Present</i>
• Lead an empirical study of 458 observations using the Contingent Valuation Method to quantify visitors' total value of intangible cultural heritage, establishing a data-driven basis for conservation and promotional investments within the Trang An World Heritage Complex	
EY Consulting x USyd — Interdisciplinary Community Project	<i>Jan 2025 – Jun 2025</i>
• Analyzed behavioral and facility data to identify drivers of campus resources' low student engagement	
• Synthesized findings and financial modeling into a 40-page report advocating for a centralized digital solution with targeted incentives	
Geospatial Technology in Fashion: Finding Circularities — Concept Paper	<i>Aug 2024 – Nov 2024</i>
• Mapped the supply chain of fashion industrial clusters by integrating spatial data from Overpass API and ArcGIS to visualize and assess regional capacity for circular economies, and used Manchester city fashion facilities as a case study	

LEADERSHIP & COMMUNITY ENGAGEMENT

TCU Fine Arts Committee for Connection Culture, Student Representative (Aug 2025–May 2026): Evaluated event and program proposals for feasibility and budget allocation; mentored student teams and supported execution for events with over 100 attendees.	
The Art Galleries at TCU, Gallery Assistant (Aug 2024 – Oct 2025): Led guided tours for 50+ weekly visitors, interpreting exhibitions for diverse audiences and strengthening public engagement with visual art and cultural narratives. Installed monthly art exhibitions.	
TCU's Multicultural Fusion Fashion Show, Creative Producer & Stylist (Aug 2024 – Nov 2024): Coordinated styling and visual storytelling for a runway centered on 7 underrepresented cultures on-campus, ensuring coherent presentations. Over 200 attendees arrived.	

TECHNICAL SKILLS

Languages: Vietnamese (Native), English (Fluent), French (DEL F B1), Mandarin (HSK 3, Verbal)
Programming & Data: Python (Pandas, scikit-learn), SQL, Stata, VBA, Excel (Advanced)
Visualization & BI: Power BI, Tableau, ArcGIS, D3.js, Data Storytelling, Dashboarding
Analytics Methods: Machine Learning, NLP & Text Mining, Econometrics, Statistical Regression
